INVITATION FOR SPONSORSHIP

8th SEMINAR

INNOVATION AS A MEASURE OF COMPETITIVENESS

Sisak, November 6th, 2015

Dear Sir or Madam,

It is our pleasure to inform you that **8th SEMINAR** under motto **Innovation as a measure of competitiveness** will be held at Croatian Chamber of Commerce County Chamber Sisak, Kranjčevićeva 16, Sisak, Republic of Croatia.

The Seminar is organised by Faculty of Metallurgy University of Zagreb in cooperation with University of Ljubljana Faculty of Natural Sciences and Engineering, Ljubljana, Slovenia.

Founding as important industry branch represents the important factor contributing the economic potential of each country. Current market development as well as technical and economic objective, the production of high-quality, low-cost and environmentally friendly casting, requires that the application of modern advanced materials and manufacturing technologies, as well as an understanding of the production process. Within the industrial production of castings special significance is dedicated to the development of products based on innovative research activities.

Two sponsorship categories are possible at 8th Seminar:

1st category of sponsorship includes:

1. Possibility of commercial presentation of the company (10 min);
2. Exhibition space in front of conference room;
3. Company name and logo quoted in the Book of Abstracts

The sponsorship fee is 200 €.

2nd category of sponsorship includes:

1. Possibility of commercial presentation of the company (10 min);
2. Company name and logo quoted in the Book of Abstracts

The sponsorship fee is 100 €.

We hope that your company will find its interest in active participation at this Conference.

Sincerely / S poštovanjem

Poštovani,

zadovoljstvo nam je izvijestiti Vas da će se **8. SEMINAR** pod motom **Inovacije kao mjera konkurentnosti** održati u prostorijama Hrvatske gospodarske komore Županijske komore Sisak, Kranjčevićeva 16, Sisak, RH.

Seminar organizira Metalurški fakultet Sisak Sveučilišta u Zagrebu u suradnji s Naravoslovnotehničkom fakultetom Univerze v Ljubljani, Slovenija.

Ljevarstvo, kao jedna od važnih industrijskih grana, faktor je koji doprinosi ekonomskom potencijalu svake države. Aktualan tržišni razvoj, kao i tehnički i ekonomski cilj, te proizvodnja visokokvalitetnih, jeftinih i ekološki prihvatljivih odljevaka, zahtijeva kako primjenu suvremenih naprednih materijala i proizvodnih tehnologija, tako i razumijevanje samog procesa proizvodnje. U okviru industrijske proizvodnje odljevaka poseban značaj zauzima razvoj proizvoda utemeljen na inovativnim ciljanim istraživanjima.

Moguće su dvije kategorije sponzorstva Seminara:

1. kategorija sponzorstva uključuje:

1. Mogućnost komercijalnog predstavljanja tvrtke (10 min);
2. Izložbeni prostor ispred konferencijske sale
3. Naziv i logo tvrtke u Zborniku sažetaka

Sponzorstvo iznosi 200 €.

2. kategorija sponzorstva uključuje:

1. Mogućnost komercijalnog predstavljanja tvrtke (10 min);
2. Naziv i logo tvrtke Zborniku sažetaka

Sponzorstvo iznosi 100 €.

Nadamo se da vaša tvrtka će pronaći svoj interes u aktivnom sudjelovanju na ovom događaju.
