Sisak, October 10th, 2017.

INVITATION

Dear all,

University of Zagreb Faculty of Metallurgy, University of Ljubljana Faculty of Natural Science and Engineering and Croatian Chamber of Commerce County Chamber Sisak organizes 10th Scientific-expert Seminar entitled:

„Collaboration between HEIs' and foundries as a driving force for increasing competitiveness“

Seminar will be held on **November 24th, 2017** in premises of Croatian Chamber of Commerce County Chamber Sisak, Kranjčevićeva 16, Sisak.

In order to strengthen the competitiveness of the economy, important parameters are development of a strategic and legislative framework for strengthening the competitiveness of the economy, specialization in sectors, improving the business climate and the development of business infrastructure, promotion and branding of priority sectors, promoting foundry as a desirable investment branch with a pro-active approach to investments, supporting development and implementation of new financial mechanism to support the economy, strengthening industry's excellence and encouraging cooperation between public, private and scientific-research sector for the development and appliance of innovations and new technologies.

The aim of the Seminar is to demonstrate creating added value in the foundry sector with attractive lectures from the implementation of the collaboration segments. Topic will be related to organizational structure, reverse engineering and good practice of technological improvement of the casting process. Exchanging experience will contribute to creating a vision of development, identifying competitive advantages and setting the strategic priorities of each participant / company at this Seminar.
